## COMMISSIONERS' REPORT.

---

### *To the Citizens of Hillsborough County:*

The commissioners of Hillsborough country submit their annual report for the year ending December 31, 1913, together with the reports of the superintendent of the county farm, and the other county officers.

The management of the county institution at Grasmere, under Mr. Fordyce W. Russell as superintendent, Mrs. Russell matron, and James M. George assistant superintendent, has been all that could be desired.

The poor and unfortunate have been well cared for, and the interests of the county as well as those of the inmates have at all times been well guarded, and conditions at the farm are highly satisfactory.

The hospital is still under the efficient management of Dr. Charles A. Folsom as head surgeon, with Dr. E. B. Swett assistant, and Miss Addie M. Moore as matron and superintendent of nurses.

There has been a large number of patients at the hospital during the year, but we have been fortunate in having no epidemic of contagious diseases, having had but one case for isolation. This was a case of scarlet fever, from which there was a complete recovery. We feel that our hospital, with its tubercular ward and all modern appliances and a school for nurses, will compare favorably with any institution of its kind in the state.

All that has been said of the Grasmere institution will apply with equal force to the jail at Manchester. The management of the jail by Mr. George H. Phinney, jailer, and Mrs. Phinney as matron, has been first-class. The number of prisoners has been continually increasing, and in the past year there has been a greater number than ever before.

But the management has been equal to the occasion, and the jail has been run economically and well.

In fact your commissioners feel that they have a pardonable pride in the institutions of the county, and we extend a cordial invitation to tax-payers to visit them and see for themselves.

There have been no extensive improvements at the farm during the year. The most important change which has been made is in the heating of the administration building. It had formerly been heated, with the exception of the upper story which had no heat, by two steam boilers, but they had become somewhat defective and unsatisfactory, and we took them out and are now heating the whole building from the main heating plant, and get much better results at a large reduction in expense of heat production.

In accordance with instructions from the legislative committee, we advertised the old jail and sold it at public auction last June for \$380, reserving the new brick structure which was built some twenty-five years ago for a work shop, which is still standing. The building which was sold has been taken down and moved away, and the lot after being graded by Jailer Phinney, gives the place a greatly improved appearance.

There has been a large increase in applications for aid, especially from families in the cities. The causes for this are manifold.

Many times the breadwinner of the family, who can barely make a living while working, is stricken with sickness or death, and the unfortunate mother and children must be cared for. Not infrequently the head of the family spends his earnings for liquor, while in many cases he leaves them altogether. As in the other case the unfortunates must be cared for.

Also there are families with so many children under the working age that it is utterly impossible for the father with the wages he can command and with the present high cost of living, to furnish his family with the necessities of life. And the county is helping such families at the present time.

Another factor is the compulsory educational laws enacted by our last legislature, prohibiting children working before they were sixteen years of age and prohibiting any one from working over a certain number of hours before they are twenty-one years of age. There are men who have families to support before they are of that age.

The commissioners wish to express their thanks to all who have in any way rendered assistance during the year, and trust that the work of the board has met the approval of the tax-payers of the county.

Respectfully submitted,

JAMES H. HUNT,

ALBERT T. BARR,

HERBERT O. HADLEY,

*County Commissioners.*

## REPORT OF THE SUPERINTENDENT.

---

*To the Honorable Board of Commissioners of Hillsborough County:*

I hereby present to you my ninth annual report as superintendent of the County Almshouse and House of Correction for the year ending December 31, 1913.

There have been six hundred and one persons admitted to the almshouse and hospital during the year, a large proportion of whom have been able to do little or no work.

There have been sentenced to the House of Correction during the year three hundred and sixteen persons, a few of whom have been unable to do much work about the institution and farm.

C. A. Folsom, M. D., of Manchester and E. B. Swett, M. D., of Grasmere have been unremitting in their attention to the medical and surgical needs of the inmates, which have exceeded those of any previous year.

Our hay crop was seriously affected by the severe drouth of June, which with that of July and the early frost, greatly damaged all crops, including the supply of garden vegetables and sweet corn, which we largely depend upon for the inmates.

In June thirty-two of the most serious cases in the insane department were removed to the State Hospital at Concord, making it possible to dispense with the services of one attendant.

The other departments of the institution are well filled at the present time, and the nursery is much overcrowded. The piazza erected last year affords needed relief in mild weather to both the nursery and the women's convalescent ward.

My thanks are due especially to the W. C. T. U. for the replenishing of our library, also for their continued remem-

brance of the inmates by gifts of fruit, flowers, cake, entertainment and toys. I am also under obligation to many friends, some unknown to me by name, who have sent us liberal quantities of reading matter. The Manchester public library has been especially generous.

I wish to thank Rev. E. C. Goodwin, Rev. J. J. Brophy and Rev. James T. Crowley for their faithful and conscientious care of the spiritual life of the inmates.

To the officers of the institution, and to you, Messrs. Commissioners, I extend thanks for your assistance in my work.

F. W. RUSSELL,  
*Superintendent.*

## REPORT OF COUNTY PHYSICIAN.

---

*To the Honorable Board of Commissioners of Hillsborough County:*

GENTLEMEN—The past year has been a busy one because of the large increase in the number of patients cared for at the County Hospital. The work has been carried on under my direct supervision, ably assisted by Dr. E. B. Swett, one or the other of us making daily visits to the patients.

An increased number of surgical cases have been cared for with gratifying success.

We have been seriously crowded at times and enlargement of the buildings will probably become a necessity in the near future.

The tubercular wards have been well filled during the year, and cases not too far advanced when received have shown marked improvement and some have been discharged as cured.

The training school for nurses, under the excellent supervision of Miss Addie M. Moore, still continues its good work, showing results that have merited the approbation of the State Board of Examiners.

The school has been benefited by many lectures given by neighboring physicians.

My thanks are especially due to those who have so kindly supplied the hospital with books and other reading matter, also for clothing furnished tubercular patients.

In the event that a comparison be made between the reports for this year and last, it should be observed that on December 31, 1912, there was a floating debt of \$50,000 that is not mentioned in the statement of county indebtedness. This is apparent from the fact that \$100,000 was borrowed and \$50,000 repaid. (See "Loans," p. 396 and "Disbursements," line 6, p. 404, Annual Report for 1912.)

No report concerning the several district police courts can properly be made at this time because of the fact that some of the courts had not filed accounts on December 31, 1913.

Respectfully submitted,

(Signed) ALBERT H. WHITE,

*Treasurer.*

GENTLEMEN—Your jailer desires at this time to extend his thanks to your board for their kind and courteous treatment during the past year.

The past year has shown an average daily increase in the number of prisoners confined, and the matter of installing the third tier of cells for which provision was made at the time of the erection of the jail will have to be taken up by your board within a year or two at the latest.

### AUDITOR'S REPORT.

---

In accordance with the provisions of the Public Statutes, we have examined the quarterly accounts and vouchers of the county treasurer, county commissioners, superintendent of county farm and the jailer. Our examination does not cover the full year of 1913. So far as we have been able to determine, the prices paid by the various county officials were reasonable.

## SOLICITOR'S REPORT.

---

*To the Honorable Board of Commissioners for Hillsborough County:*

The work of this department has been of exceptional volume during 1913. It began with one hundred and sixty-seven indictments returned by the grand jury for the January term. Many of these were for offenses brought to light by an investigation of conditions at Nashua. Among the accused were two men charged with pandering, the first indictments brought in the state for violation of the law against this crime passed in 1911. Both served substantial jail sentences, an experience which it is hoped will check this abominable practice.

The May indictments numbered sixty-six and those for September ninety-one, making a total for the year of three hundred and twenty-four besides the usual number of police court appeals.

Most of the sentences imposed were for terms at jail or county farm, and a few minors have been sent to the Industrial School for offenses committed after probation and generally when home conditions precluded all hope of reform outside that institution. Twelve state prison sentences have been imposed, the respondents having been guilty of repeated offenses.

The gravest crime of the year was the murder of Minerva McCoy, an aged woman of Pelham, by her husband Ernest McCoy, at their homestead in that town. The body lay in the house for nearly two weeks, and when its discovery was imminent McCoy shot himself with the same weapon that he had used to kill his wife.

Besides the indictments there have been a large number of complaints for various offenses about the county. These cases have received careful attention and prosecutions have followed when facts warranted.

All county, city and town officials have been zealous in their coöperation, and the solicitor avails himself of this opportunity to thank them.

PATRICK H. SULLIVAN,  
*County Solicitor.*
